

# FIRST BALLOT HELD AT NOON

Lenroot Ahead By One Vote, Stephenson And  
Esch Tied--The Rest Drop Behind.

## COOPER HAS SOLID DISTRICT VOTE

Situation In Senatorial Matters Show But Little To  
Guage The Outcome On As Yet--Last  
Night's Caucus.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., April 16.—The first ballot of the Wisconsin legislature for a success to United States Senator Spooner was taken at noon today and showed no break in the ranks of the republican candidates from last night's caucus, so that the caucuses will continue each evening until a nomination is made. Esch gained one vote in the senate, that of Froemming, and Senator Whitehead received one vote, that of Hagemester. The democrats went to Colonel George W. Bird of Madison.

Still a Problem  
The vote today makes it still a problem who will be the successful candidate for United States Senator to succeed John C. Spooner. To the surprise of everyone, Lenroot did not show the strength credited to him. Instead of the thirty odd votes claimed for him he showed a bare plurality of one in the last ballot of the caucus over Isaac Stephenson, and Stephenson only led Cooper and Esch by a single vote, even Hatten was but four behind the leader with fifteen to his credit. With matters thus complicated the caucus adjourned with the understanding that it assemble this evening if the joint session makes no election today.

Strength Divided  
From the present outlook it would not appear that Lenroot will gain many votes on the joint ballot. Stephenson had twenty on the third ballot, showing there is liable to be a fluctuation in his vote from time to time. Cooper held at seventeen throughout all four votes taken and Esch at sixteen until the last, when he gained one vote from Stephenson. Hatten had fifteen in all four votes and while these may swing to Lenroot on occasion it is doubtful if the entire fifteen go as a unit. Emil Baensch held five votes throughout all four ballots.

Other Votes  
Others who received votes during the progress of the ballot were General Winkler of Milwaukee, who had four votes, three times and six once, Puelicher, Otjen, Hudnall, J. H. Rogers, Estabrook and Sanborn. This scattering of votes is taken to mean that the fight will be a long drawn out affair. A review of the different ballots is interesting and shows that the little band of conservatives really control the situation. While their strength is apparently divided, it is certain that they will rally to some one candidate—not Lenroot—when the time comes and it seems ripe to end the struggle. The democrats are also to be counted in the fight as they will doubtless scatter their votes after their complimentary ballot for their party choice.

The Line-up  
The following is a resume of the four different ballots:  
The first ballot resulted as follows:  
For Cooper—Senators Bishop, Burns, Lockney, Martin, Whitehead, Assemblymen A. S. Baker, Bell, Cleary, Curtiss, Goldsborough, Morris, Norcross, Smith, Swenson, Sprague, J. O. Thomas, Ties.  
For Esch—Senators Barker, Brazeau, Marshall, Morris, Munson, Noble, Assemblymen J. F. Baker, Herring, Ingram, Jackson, Leno, Keppel, Maine, Nelson, Miller, Wehrman.  
For Hatten—Senators Priddy, Sanborn, Stout, Wilcox. Assemblymen Carpenter, Coolidge, Hagen, Irvine, Kemp, Kuckuk, Ledvina, Neltzel.

[SPECIAL TO THE GAZETTE.]  
Guthrie, Okla., April 16.—The constitutional convention re-assembled today to go through the formality of examining the document in its completed state and affixing the signatures of the members to the parchment copies. When this has been done everything will be in readiness for the election this summer when the people of the new state will vote upon the adoption of the constitution.

## BRYAN BANQUETED BY BROOKLYN DEMS

Yellow Willie is Ignored One  
This Trip—Five Hundred Will  
be in Attendance.

[SPECIAL TO THE GAZETTE.]  
New York, April 16.—There is a great demand for tickets for the annual dinner of the Brooklyn Democratic club tonight. William J. Bryan is to be the guest of honor and principal speaker. Mr. Bryan will not be the only attraction, however, for the other speakers are to include democratic leaders of note from Maryland, Mississippi, Missouri, Massachusetts, and other states. The guests, 500 in number, will be limited to those democrats known to be friendly to Mr. Bryan and his doctrines. William J. Hearst, who is credited with an intention to organize a third national party, has not been invited to the dinner.

Mississippi Club Women.  
Meridan, Miss., April 16.—Meridan extended a royal welcome today to the throngs of fair delegates who arrived for the ninth annual meeting of the Mississippi Federation of Women's Clubs. The delegates number several score and come from all parts of the state. The formal opening of the convention takes place this evening.

## LABOR TO HELP IN WAR ON MIDDLEMAN

State Federation to Take Action at  
Annual Meeting in Racine  
Next July.

[SPECIAL TO THE GAZETTE.]  
Racine, Wis., April 16.—When the Wisconsin State Federation of Labor meets here in July action will be taken looking toward the elimination of the "middleman" in distributing the products of Wisconsin farms. The Society of Equity, sometimes called the farmers' trust, will aid the federation in the work. The Equity has 19,000 farmer members in this state. Its leaders started the movement for direct sales of farm products at higher prices, at the Minneapolis convention of the national federation, and the organization of a "union" market followed at Chicago recently.

## LARGEST POTTERY IS UNDER HAMMER

Establishment Has Been Closed by  
Litigation and Goes to Satisfy  
Mortgage.

[SPECIAL TO THE GAZETTE.]  
Kittaking, Pa., April 16.—By a decree of the courts the Ford China Pottery of Ford City was offered at public sale today to satisfy a mortgage held by the Fidelity Title & Trust Company of Pittsburgh. The pottery is the largest works of its kind under one roof in the United States. It was erected by the late Captain J. B. Ford, the pioneer plate glass manufacturer, and John Wick, Jr., and owing to litigation has been closed for months.

## CONTINUE FIGHT ON MAXIMUM RATE LAW

Railroads of Missouri Have Succeeded  
in Keeping Case in Courts  
For Two Years.

[SPECIAL TO THE GAZETTE.]  
Kansas City, Mo., April 16.—The hearing of the injunction suit in which the railroads are seeking to prevent the attorney general and the state of Missouri from enforcing the maximum freight rate law was resumed here today. The law was passed two years ago and the suit has been dragging along ever since. Three railroads are making the fight and endeavoring to show that the law is unjust, in that it would compel the roads to accept freight, especially live stock, at a rate that would be ruinous to them. The roads that are making the fight are the Burlington, Wabash, and Missouri Pacific.

## SUSTAINS DECISION AS TO HEAVY FINES

Chicago & Alton Road Must Pay Fine  
Attached and Also That  
of Officers.

[BY ASSOCIATED PRESS.]  
Chicago, April 16.—The United States court of appeals today affirmed the conviction in the district court of the Chicago Alton railroad and John M. Fathorn and Fred A. Wann, former officials of the line, for granting rebates. The company was fined forty thousand and the officers ten thousand dollars each.

## PRISON-MADE TWINE WANTED BY FARMERS

in Chippewa County.

[SPECIAL TO THE GAZETTE.]  
Waupun, Wis., April 16.—A plan which originated in Chippewa county is being carried out through the state and will result in a monster petition endorsing a bill for prison-made twine. Farmers of the state are behind the movement.

## WATERTOWN PLANS 1907 HOMECOMING

Will Make Event Annual—Arrangements  
Committee for Present  
Year Appointed.

[SPECIAL TO THE GAZETTE.]  
Watertown, Wis., April 16.—Watertown's annual homecomings have grown to such proportions that arrangements have been started already for the 1907 gathering, to be held August 4, a Sunday.  
Officers of the event this year have been elected as follows: President, H. Wertheimer; vice president, Max G. Kusel; secretary, J. I. Brunsbach; corresponding secretary, Emil Tank; treasurer, H. G. Grube; executive committee, Mayor Arthur Mulberger, J. M. Malloy and J. T. Ryan.

## CONNECTICUT HANGS ROBBER-MURDERER

Convict Confessed to Slaying of Aged  
Employer in Order to Secure  
Treasure.

[SPECIAL TO THE GAZETTE.]  
Hartford, Conn., April 16.—The execution of Henry G. Bailey took place today at the state prison at Wethersfield. Bailey killed George H. Goodale, an aged farmer who employed him, to get money which was in the house. The crime was committed last July at Goodale's farm near Middletown. The weapon used was an axe. After the crime Bailey fled to Canada, where he was captured and returned. He made a complete confession.

# WOMEN HAD THEIR INNINGS IN BIG PEACE CONFERENCE

Delivered Addresses At National Meeting In  
New York--Another Arbitration Con-  
ference In Near Future.

[SPECIAL TO THE GAZETTE.]  
New York, April 16.—The women had their innings at the morning session of the National Peace Congress today. The session was given over entirely to them and the program included addresses by Mrs. Anna Garlin Spencer, Mrs. Ellen M. Hennrotin, Mary E. Wooley and other women prominently identified with educational and reform movements.

This afternoon there was a meeting for young people, with addresses by William T. Maxwell, superintendent of the New York public schools, and other eminent educators. Tonight two sessions are to be held. At one the speakers are to include representatives of many of the big universities of America and Europe. The other session will be held in Cooper Union and will be addressed by President Samuel Gompers and other representatives of organized labor.

At Mohonk Lake, N. Y.  
Mohonk Lake, N. Y., April 16.—Dr. Nicholas Murray Butler, president of Columbia university, will preside at the thirteenth annual meeting of the Lake Mohonk conference of international arbitration which meets here next month. The program, so far as completed, gives prominence to discussion of the coming Hague conference and to consideration of America's interest in international arbitration. Among the speakers will be Hon. William I. Buchanan, chief United States delegate to the coming Hague conference; Hon. John Barrett, director of the Bureau of American Republics; Hon. Francis B. Loomis, former assistant secretary of state; Senator Enrique C. Creel, ambassador from Mexico; Senator Ignacio Calderon, minister from Bolivia;

## MRS. HOLMAN MAKES FIRST STATEMENT

Mother of Evelyn Thaw Makes Public  
Her Side of the Case  
This Afternoon.

[BY ASSOCIATED PRESS.]  
Pittsburg, Pa., April 16.—(Copyright 1907 by Pittsburg Leader Publishing Company.) The leader this afternoon prints a six-column statement from Mrs. J. C. Holman, mother of Evelyn Nesbit Thaw, in which she defends herself against the accusations expressed and implied against her during the Thaw trial. She denies she aided District Attorney Jerome in any way, and says the story of Florence's first meeting with White is substantially as told by her on the witness stand. Mrs. Holman placed implicit confidence in White and asserts if Florence underwent the experience that is said to have befallen her, she did not take her into her confidence. Continuing she says: "Had she told me what she told Harry Thaw and the jury it would not have been necessary for Thaw to kill White. I would have done it myself." In closing Mrs. Holman says: "I solemnly affirm my love for my daughter is as deep and intense as it was when first I held her in my arms as a helpless babe. The door of my home is open to her while I live."

## MENHALL CATCHES BIG RUNAWAY AUTO

Millionaire's Son Left Steam on Car  
—Beloit Y. M. C. A. Engages  
Physical Culture.

[SPECIAL TO THE GAZETTE.]  
Beloit, Wis., April 16.—The owner, Ernest Morgan, millionaire's son and manager of the famous Morgan farm, having failed to shut off the steam, a huge auto started to run away on a business street this morning but was caught by "Jimmy" Menhall, the candy merchant who won the auto races at Janesville last summer. No damage was done to the machine.  
Guy L. Rathum, Secretary of the Y. M. C. A. at Lake Geneva, has been engaged as athletic director of the Beloit Y. M. C. A. He will probably begin his work here September 1.

## BRIDE OF BRITISH MILITARY OFFICER

Western Stockman's Daughter, Who  
Attained Fame as Vocalist,  
Wedded Today.

[SPECIAL TO THE GAZETTE.]  
Kansas City, Mo., April 16.—An Anglo-American matrimonial alliance was solemnized in Trinity church today, the bride being Miss Flora Wallace of this city and the bridegroom, Captain R. D. Shipley of the English army. The bride has acquired some fame as a vocalist and studied several years in Paris under Madame Marchesi. She is the daughter of Mr. and Mrs. D. F. Wallace. Her father was a prominent stockman with headquarters in this city but a year ago the family moved to Bartlesville, Okla., where Mr. Wallace has valuable oil interests. Captain Shipley, the bridegroom, is a son of the late Alexander Shipley of The Hills, Datchet, Buckinghamshire. Captain Shipley's elder brother, Sir William A. Shipley, was formerly mayor of the royal borough of Windsor.

## SIXTEEN-YEAR OLD HAS A WEIRD TALE

Boy in Cincinnati Told of Being Kid-  
napped by Gypsies Three  
Years Ago.

[SPECIAL TO THE GAZETTE.]  
Cincinnati, O., April 16.—Elbert Pullman, aged sixteen, of Medford, Wis., arrested on a charge of vagrancy this morning, said he was kidnapped three years ago and taken all over the south by gypsies. He escaped a week ago. The police are investigating his story.

## FUSION SHIED AT BY PENNSY PROHIBS

Majority of Party Leaders Are Be-  
lieved to Oppose Hitching Either  
Tandem or Double.

[SPECIAL TO THE GAZETTE.]  
Harrisburg, Pa., April 16.—In response to the call of Chairman McCullom the members of the Prohibition state executive committee gathered here today to decide upon the time and place for holding the state convention and otherwise planning for the approaching campaign. Some city in the western part of the state, probably Greensburg, will be chosen for the convention. The sentiment of the committee is plainly against fusion with any other party in the nomination for state treasurer.

## BURNS MAY STILL RESULT IN DEATH

Condition of Mrs. Effie Brink, Formerly of Janesville, Suddenly Changed For Worse.

Evansville, Wis., April 16.—Mrs. Effie Brink, who was so seriously burned by an explosion of gasoline several weeks ago, is reported much worse today and her recovery is very doubtful. Her sister, Miss Lilla Luddington of Chippewa Falls, was again summoned to her bedside yesterday and arrived early this morning.

The marriage of Forest Wainwright and Miss Dolly Frank took place last Wednesday afternoon at 4:30 o'clock in the Episcopal church at Freeport, Ill. The ceremony was performed by Rev. E. J. Dadd of that city. The bride was attended by Mrs. Winnie Hansen of this city as matron of honor and Joseph Spear, brother of the groom, was bestman. After a short wedding trip they will make their home in Racine where the groom holds a responsible position in a shoe store. Mr. Wainwright was formerly an Evansville boy and has many friends in this city who extend congratulations.

Soon after midnight our citizens were awakened by the fierce blowing of the whistle and ringing of the fire bells and in a few moments the streets were filled with people anxious to discover the whereabouts of the fire. The fire company got out in full force and hurried to the new Catholic church and were glad to find that the alarm was a mistake. Instead of the church being afire, the candles had been left burning all night as is the custom on certain occasions.

Mr. and Mrs. O. S. Shepard attended the funeral of Mr. George Olgard in Oregon Sunday.

Miss Ina Sharnan entertained at a shower last Friday afternoon for Miss Lucy Little of Baraboo.

Circuit Court Case: The claim of Archie Reid against the George Van Elta estate was not taken up in circuit court today, as expected. Judge Grimm was called upon to consider the action of John P. Wright vs. Bent Gehrke, et al., brought by the plaintiff to foreclose a mechanics' lien on a building in Spring Brook which was owned by the late Mrs. Gehrke.

TRAIN WRECKED, FIVE DEAD.

Fatal Accident to the Great Northern's Oriental Limited.

St. Paul, Minn., April 16.—Running at a speed of 40 miles an hour on a straight track, the Great Northern west-bound Oriental Limited, which left here for Pacific coast points Sunday morning, was derailed at 1:15 Monday morning at Bartlett, N. D.

Five persons were killed and a score or more injured, some of them seriously.

After the wreck a gas tank exploded and the train took fire, seven passenger coaches being destroyed, the sleeper and observation cars escaping the flames.

There is said to be some evidence that the rails had been tampered with. Officials of the road say that the track in this vicinity had been in apparently first-class condition, and they are unable to account for the wreck on any other theory than that it was the deliberate attempt of miscreants to wreck the train. The dead are: W. B. Jones, mail clerk, Grand Forks, and four unidentified foreigners, believed to be Greeks.

The Northern Pacific's North Coast Limited, west-bound, was derailed near Durum, four miles east of Jamestown, N. D., at 8:30 Monday evening, and according to official reports, five persons were injured, but none seriously.

IS A RELIC OF THE PAST.

Blind Veteran of the Palmy Days of the Circus.

It is not often that one may have his dinner cooked by a woman who can at the same time give reminiscences of the stage dating back for half a century. She who possesses this remarkable memory is the proprietor of an inn of odd construction which is not far from Greenwood Lake, in New Jersey. She has been identified with practically every phase, not only of the stage, but of the circus.

She is now blind, but her mind is so filled with images of the past that she is never depressed. She remembers P. T. Barnum, James A. Bailey and all the old-time kings of the tented field, for in her younger days she was a performer in the ring. The palmy days of minstrelsy she can talk about for the hour, recalling anecdotes of Wambold and Backus and old Billy Emerson. Then by a quick transition she will go to the drama and talk entertainingly of Florence and Jefferson and the elder Sothorn. In the meantime she is busy about the details of the dinner and is carrying on the complicated operations as easily as though her sight was as keen and strong as it was in the days of her triumphs of ring and stage.

## A NEWSPAPER MAN'S STORY

I have been literally brought up in a newspaper office. Until just recently I have been connected with one newspaper, The Omaha Bee, for the last twenty-five years, as manager of its advertising department. I don't believe there is a more skeptical class of men on the face of the earth as regards investments than newspaper men. They have exceptional opportunities for following the different so-called investments from start to finish and they are thus able to get at the inside facts with perhaps a greater degree of certainty than the average run of men.

I am introducing myself with this statement of facts to show that an investment proposition that has caused me to throw up my life's work and devote my entire time to it must be something extraordinary. I have seen mining propositions come and go—some have made good and many have never passed the advertising stage. That form of investment, although attractive to many, never appealed to me, nor would it have caused me to give up what I knew to be a certainty.

I had read a great deal about rubber cultivation, through advertisements published in our paper, but on investigation I found that over 95 per cent of the rubber output of the world came from the wild natural trees. An investment in cultivated rubber looked strong on paper and those who bought stock in a rubber plantation might make money in fifteen or twenty years after the trees were planted, provided the trees grew and sufficient money could be raised to carry the plantation to the point where the trees would produce rubber, but after a more thorough investigation I felt that if a man could get hold of a tract of native rubber lands, containing full-grown trees, he could make a fortune.

Several years ago my attention was drawn to the vast rubber forests of Peru and Brazil, in South America. I found that these two countries produced about two-thirds of the world's supply of rubber.

### FINDS A GREAT RUBBER PROPOSITION

Some time after I became interested in rubber, I bought stock in the Peru-Para Rubber Company, of which my employer, owner of the Omaha Bee, Hon. E. Rosewater, was Vice President, up to a short time before his death, last fall. This company bought 370,000 acres of land, an immense property, consisting of about 575 square miles of land, containing many millions of full-grown Para rubber trees. The rights and titles are under an original grant from the Government to this vast tract of land, the title being in fee simple, forever, the consideration being to construct two roads, 100 miles long and not less than five miles apart, across the country, the roads to have telephone and telegraph stations, 133 bridges, store-houses, tollgates and all modern equipments. These roads, when finished, will furnish by far the most accessible way to the inland city of Iquitos. Over seven million pounds of rubber now goes out through Brazil because of the lack of these roads through Peru.

### TRANSPORTATION ASSURED

All of our land is situated on the banks of large rivers navigable from our property to the port of Iquitos on the Amazon River, where rubber is now shipped to Europe and the United States by large ocean steamers. Each tree will earn not less than \$10.00 per annum, and as there are over 17,000,000 trees, at a conservative estimate, on the property, the possibilities of the enterprise at first fairly staggered me. It promised such enormous returns that I was fairly overwhelmed. It had been used to reading mining advertisements where the returns after years of arduous and costly labor promised to be large, but I had never heard of a case where people of moderate means could safely invest in a company that will take out millions of dollars in profits every year.

### OFFICIAL INVESTIGATION

I spent several months in my investigation of the project. I found that the titles to the property had been duly endorsed and sealed by the United States Legation at Peru, and that they bore the official seal of the American Government. My conception of South America had been the popular one that it was a country ruled by revolutionists, and that there was nothing of stability about their government, instead of which I found that prosperous cities were numerous, and that hard-working and well-to-do people compose the bulk of the population of these flourishing cities in our neighboring South American Republic.

### EXPLORED FOR GOVERNMENT

I found that this particular tract of land was discovered and has been explored thoroughly by the eminent Government Engineer, Mr. Geo. M. von Hassel, who spent nine years in the rubber forests of Peru, surveying the country, to draft a new map for the Government. This large new map, which was finished in December, 1906, shows that these lands were officially explored for the Government and was drafted by Engineer von Hassel, who is noted as the recognized authority on South American rubber lands, having explored in commissions for the Government the frontiers of Peru, Bolivia and Brazil. This map can be seen at our offices in Chicago.

### BECAME SECRETARY OF THE COMPANY

I became the Secretary of the Company. The proposition looked more attractive to me than ever, and after two years of service in its behalf, I am a greater enthusiast than ever before. The progress of our Company has been beyond my fondest expectations. Our main road is nearing completion in a rough way and when we shall have raised a little more money the main road will be completed to the river, sufficiently to enable us to market rubber.

### MUCH WORK ALREADY DONE

The affairs of the Company have been handled in such a way that we are already over two years ahead of the time allotted by the Government of Peru. Our surveys, which were officially approved and accepted by the Government, July 20, 1906, and endorsed by the United States Legation, gave us two years from that date in which to begin work. We actually did commence the work a year ago last month.

The success of the company is positively assured. We do not ask investors to come in and take a chance with us. There is no element of chance. The completion of our road is in sight. A report from our engineer, Mr. von Hassel, who has been in charge of the work since November, 1905, states that there are now over 90,000 Para rubber trees fully cleared on our property and ready to tap, as soon as the main road is finished. This means that the net income to the company will be over \$90,000 per month from these trees alone. This is only a beginning. The number will be added to from month to month, so that at the end of the second year we will have more than a million trees, ready for tapping.

### PROPOSED DIVIDENDS ENORMOUS

We are honest in our contention that the company will pay investors 500 per annum the first working year, 1000 per annum the second and from 200 per cent per annum up the third and succeeding years.

### I CAN PROVE MY STATEMENTS

I am perfectly well aware that some of the statements I have made may sound extravagant. To some people they may sound impudent. I may be accused of insulting the intelligence of the investing public by making such statements, but I stand by every statement I have made. I will prove them to your entire satisfaction before you purchase stock.

The bulk of our stock has been sold to intelligent and conservative people—to people who would not consider a mining investment at any price.

### SHARES \$7.00 NOW

The price of our shares puts it within the reach of the average small investor. The stock is now \$7.00 per share, and I want it understood that the money that is being raised is going into the further development of our property and the completing of our roads, and not into the pockets of any set of promoters.

### WANT TO BEGIN SHIPPING

We are getting impatient to begin tapping these trees. A tremendous annual dividend is almost within our grasp and for that reason we have decided to go to the public and offer a block of these shares through advertising. I should sell the entire allotment in a very short time and will have no difficulty in doing so if the readers of this advertisement will write me at once for full details or will call at the offices of the company in Chicago, and allow me to explain the proposition in detail, and show our credentials and documents from two governments and the strongest reports regarding our property from the highest government officials.

### COME AND TALK TO ME

If it is not possible for you to call I want you to send for our prospectus, which goes into the proposition in detail. Reading this prospectus is the next best thing to talking to me about the proposition. Where possible, however, I would like to meet you face to face, as this proposition is entitled to your most earnest and immediate consideration. We don't want to sell much stock at this price, and my purpose in making this announcement is to raise this money, if possible, within a week or ten days, so that I can promise almost immediate returns in the shape of dividends to those who buy stock now.

No man or woman who has some idle money can look into this proposition carefully without being impressed by its enormous possibilities. It differs from a gold mine, or a copper mine, or any investment of that character, because all such investments are more or less speculative. They deal with a commodity that is hidden. Ours is on top of the ground. We can compute with comparative exactness what a million rubber trees will earn for us, for we know what the market price of Para rubber is and how much per pound it costs to get it to the market.

The element of speculation is entirely removed. Every stockholder shares equally with all other stockholders, according to their holdings. The company is entirely free from debt and is offered by able and conscientious business men, two of whom hold high responsible government positions.

## MEXICAN TOWN IS RUINED BY QUAKE

CHILPANCINGO IS DESTROYED BY FURIOUS SHOCKS.

ELEVEN PERSONS PERISH

Earth Continues to Rock at Half Hour Intervals—Report That Chilapa Is Wiped Out.

Chilpancingo, Mexico, April 16.—This city has been completely destroyed by one of the most furious earthquakes that has ever visited this section. Up to this hour the known dead number 11 and the badly injured 27.

Among the dead is the wife of Postal Inspector Leopoldo Lopez Guerra and the child of Jose Aleman, the postmaster of the city. Jose Lopez Martinez, manager of the federal telegraph office, was struck on the head by a block of stone and badly injured.

The utmost panic prevails everywhere and people are fleeing to the open country. The earth continues to rock at half-hour intervals and many minor shocks are completing the work of destruction of the first earthquake.

Another Town Destroyed.

All telegraph communication with the outside world ceased shortly after 11:30 o'clock Sunday night when the first shock was felt. The telegraph operators have installed temporary quarters in an open square and are working with the sky as a roof.

Word has reached here, that the town of Chilapa, 42 kilometers to the northeastward, has also been destroyed. As yet no details have been received as to the number of the dead and wounded, but it is feared that the number will be large.

Suffered Four Years Ago.

This city is the capital of the state of Guerrero and four years ago was visited by an earthquake which killed and wounded many of its inhabitants and destroyed a large part of the town. The population of the town is 7,495 and until the panic into which the citizens have been thrown abates it will be impossible to state accurately to just what extent the recent earthquake has decreased it.

The population of the city of Chilapa is 15,000 and that place is the home of the bishop of the Catholic church who administers to the ecclesiastical affairs of the entire region. No word has been received from the bishop's palace and it is not known at this time whether or not he was a victim of the shock.

Midway between the cities of Chilpancingo and Chilapa is located the city of Tixtla. This is a prosperous and progressive community and as no word has been received from that place, it is feared that it also has been destroyed. According to the movements of the earthquake, Tixtla would be in its direct line, and if the city has escaped, it has been only by a miracle.

The following message was sent to the federal office in Mexico City from Chilapa: "Our boys are working in a public garden. A terrible panic prevails as the earth continues to tremble at regular intervals. Send us tents that we may establish an office out in the country."

All communication with the west coast has been cut off since the moment of the first big shock and it is not known to what extent that region suffered. The nearest big town, Acapulco, which is 131 kilometers to the southwest of this place has not been heard from.

Volcanoes May Awake.

Both the volcanoes of Colima and Jorullo are in this region and the people fear that the recent eruption of the earth may cause these mountains to become active and to destroy much property and many lives. The first named volcano is in the state of Colima, along the coast to the northwest of this city. Jorullo is much nearer and is almost due north in the state of Michoacan. The inhabitants of this region are known as "pintos" because of the "spots" on their faces. They are noted for their hardy warlike spirit and for their stolidism and fanaticism, but the recent catastrophe seems to have completely unnerved them, as they have up to date lost all discretion.

Death List May Be Large.

City of Mexico, April 16.—Word from the center of the great destruction of the earthquake Sunday night was first given to this capital after repeated trials made during Sunday night and Monday morning to establish communication with the stricken districts. As yet wires to the section are working badly and no exact estimate of the number of the dead has been received. It is believed,

however, that the total death list will be large.

There were no deaths in Mexico City and beyond damaged plaster and cracked and fallen walls, the property loss will be insignificant. Owing to the long duration of the shock this is considered most remarkable and is only accounted for by the peculiar swell-like motion of the earthquake, which was regular and from east to west.

From messages received at the telegraph office here it appears that the entire southern half of the republic, including the lower country and the "Meseta" belt, felt the shock of Sunday night.

Messages from as far north as San Luis Potosi and as far south as the City of San Juan Bautista, in the state of Tabasco, report feeling the shock in varying degrees. But at no place has a loss of life or great destruction of property been reported except in the state of Guerrero.

From these intelligences it would seem that the last earth tremble was greater in extent than any that has preceded it during the last half century. The boundary line of the northern zone of the present earthquake shock, according to reports received up to this time show it extended across the country in a northwesterly direction for a distance of over 400 miles and that the southern extent of the shock covered a distance of over six hundred miles making in all 24,000 square miles of territory affected by the last shock.

Report of 500 Dead.

The Banco Nacional (National Bank of Mexico) has received a telegram saying that 500 lives were lost in the destruction of Chilpancingo and Chilapa. The telegram adds that both cities were completely destroyed. In governmental circles the report is not credited.

## We can save you from \$15.00 to \$30.00 on a Sewing Machine

How Do We Do It?

We do not depend on the sale of sewing machines for our living, as the machine agent does. We do not add the cost of canvassing. It costs the agent from ten to fifteen dollars to sell a machine, and you pay for it.

If a sewing machine agent sells two machines a week, he does well. Now figure a man's time, his team and rent for a week, divide by two, and you

will see why they are obliged to charge you twice as much as we do. With us sewing machines are only one of many lines that we carry and we can sell them at a very fair profit and still save you from \$15 to \$30.

Remember, we guarantee them, and one of the largest factory in the country guarantees them for ten years. A thirty day trial if you want it.

**"A FEE OF \$1500."**

Some seven or eight years ago Dr. Richards was considering the matter of going to India with a dentist friend of his to practice dentistry in the city of Calcutta.

It was reported that an American dentist could make a big go of it over there.

Dr. Richards hesitated because of the fearful heat and finally located in Janesville.

The other man talked his brother into it and they actually went.

The other day Dr. Richards received a newspaper clipping describing in detail an officially-engineered visit of the dentist to the Royal Anceer.

The dentist was gone two months from his office, traveled over 1000 miles with a royal mounted escort of forty horsemen and was treated like a Prince.

He placed six gold fillings in the Amier's mouth and brought home a fee of \$1500 in gold.

It looks like he was doing fairly well over there.

That's probably the world's record as to dental fees.

Dr. Richards here in Janesville does not cater for big fees.

Reasonable prices and careful work have built up for him the largest dental practice in the city.

## KILLED UNDER ENGINE WHEELS

**L. ARMSTRONG, CAUGHT WHILE CROSSING ST. PAUL TRACKS.**

### WIDOW AND FIVE CHILDREN

Accident Is Mystery, to Engineer—Man Evidently Failed to Hear or See Locomotive.

Levi Armstrong of 258 Wall street was struck and killed by a Chicago Milwaukee & St. Paul switch-engine at about six o'clock this morning near the Schlitz-warehouse. He was crossing the tracks to get a pair of water either at one of the tobacco warehouses on West Milwaukee street or from the fountain at the intersection of Milwaukee and Pleasant streets. It is presumed that he failed to either hear or see the backing locomotive and stepped directly in front of the tender. He was knocked down and the wheels passed over his right leg, terribly crushing the limb from the hip to the toes. Drs. J. F. Pember and E. F. Woods were summoned, but they found the victim totally unconscious and beyond human help. The senses were not regained and life lasted but fifteen minutes. The remains were then removed to Kimball's morgue.

**Engine Crew Not Negligent.**

No one attaches any responsibility for the accident on the engine crew. To the engineer it was as much a mystery as to anyone. He saw nothing of Armstrong until he stepped on the rails and it was then too late to stop the locomotive. The engine was No. 510, a road locomotive being used temporarily for switching purposes. It was manned by Engineer Edward Smith and Fireman Walter Seitz and was in charge of Switchman John Joerg.

**Death Particularly Sad.**

A widow and twelve children, whose ages range from thirty-seven to five, are left to mourn Mr. Armstrong's sad death. The children are Monroe of Beloit, Larry, Henry and Myra of Richmond Center, George of Augusta, Me., Mary of Madison and the following at home: Lilly, Clara, Joe, Bryan and Lee. Armstrong was a carpenter by trade, having moved here from Madison and since living in Janesville has been supporting himself and family by the manufacture of willow furniture. He was fifty-six years of age.

### REMEMBERED FAMILY IN THE LAST WILL

Mrs. Angellette Morse Did Not Forget Her Immediate Family in the Bequests.

In the will of the late Mrs. Angellette Morse, drawn up September 22, 1905, and filed at the probate court, Mrs. Morse bequeaths her estate, which is valued between forty and fifty thousand dollars, as follows: To Mrs. Emma Morse, widow of her son, A. E. Morse, \$1,000; to her granddaughter, Mrs. Maud Englebreton, \$2,000; to Harry E. Morse, a grand-daughter, \$2,000; to Pliny H. Morse, a grandson, \$1,000; to Len Morse, a grandson, \$1,000; to Mrs. Annie Culbertson of Menominee, Wis., a niece, \$1,000 in the shape of a note which she gave to her aunt; the Johnstown Cemetery Association is given a trust fund of \$200, the interest from which is to care for the Morse lots in the cemetery. The remainder of the estate, real and personal, is divided equally between her son, M. H. Morse, and her grandson, R. D. Morse. M. H. Morse is appointed executor of the estate.

### BISHOP WEBB TO BE HERE SUNDAY NEXT

Episcopal Bishop Will Confirm Class at Trinity Church—Will Also Preach.

On Sunday next Bishop W. W. Webb of the Milwaukee Diocese of the Episcopal Church will be at Trinity church to confirm a small class and to deliver the sermon at the morning service. He will go to Beloit in the afternoon, preaching there Sunday night. On Monday he will return to Janesville, spending the day in the city and in the evening meeting the members of Trinity parish at a parish banquet for which a special program has been arranged. Two weeks from Sunday Bishop Webb will be in Janesville a second time, this time the guest of Christ Church parish.

### AGNES HIGGINS AND JOHN DALEE WEDDED

Ceremony Performed by Dean E. M. McGinnity at St. Patrick's Parsonage This Afternoon.

Miss Agnes Higgins and John Dalee were quietly wedded at half past two o'clock this afternoon at St. Patrick's parsonage on Cherry street. The ceremony was read by Dean E. M. McGinnity and was witnessed by only the near relatives of the principals. Miss Margaret Dolan of this city was the bridesmaid and the groom was attended by his brother, Benjamin Dalee of Milwaukee. The bride, who is a well known young lady, is the daughter of Mrs. Higgins of Mineral Point and the groom is a conductor in the employ of the Chicago, Milwaukee & St. Paul railway. He now runs between Janesville and Libertyville and the young couple will make their home in one of the Pember flats on Pleasant street.

### NOT A WESTERNER AS WAS SUPPOSED

Charles Locke Who is Charged With Theft of Albert Teubert's Watch Belongs Nearer Janesville.

Charles Locke, charged with appropriating a watch belonging to Landlord Albert Teubert of Smith's hotel, appeared in municipal court this morning and waived examination. His trial was set for Monday morning next at 10 o'clock and bail was fixed at \$500. Being unable to furnish the bond, he was remanded to the county jail. Locke has been employed recently on the Charleston farm and claims also to have worked for the Wisconsin Telephone Co. A pair of wire nippers were found among his effects. He claims to have aged parents living in Edgerton and to be their only support. All knowledge of how Teubert's watch came into his possession is disclaimed, save that he was intoxicated at the time and there was a scuffle when Mr. Teubert tried to put him out of the hotel. He says that this is the first time he has ever been in jail.

### TO EXHIBIT HERE ARTS AND CRAFTS

Comes Under the Auspices of the Federated Clubs at the Public Library.

Mr. B. C. Taylor, of Chicago, director of the Craftsman's Guild, "A Company of Workers Who Try to Do the Little Things Well," will bring an exhibit of Chicago's best arts and crafts workers here next Wednesday. Over \$2000 worth of hand-made jewelry will be exhibited as well as articles of leather, copper, pottery; also etchings, rugs, miniatures and pictures.

The best artists and shops of Chicago will be represented, many of the articles coming from the Academy of Fine Arts. No admission will be charged.

Mr. Taylor brings the exhibit here under the auspices of the Federated Clubs of the city, and the ladies extend a cordial invitation to all to visit the library on Wednesday and Thursday and see this display of hand-made articles. Mr. Taylor will also lecture on the arts and crafts work in Chicago, explaining each article as it is shown.

Buy it in Janesville.

## DRANK CHLOROFORM BUT DID NOT DIE

Minneapolis Man Visiting Relatives Here Suffers Much from Overdose of Poison.

William Willey of Minneapolis, a brother of Wellington Willey, who lives at 242 Washington street, is supposed to have drunk the contents of a quart of a pound bottle of chloroform sometime during the day yesterday and when found at five o'clock at his brother's house was almost pulseless and in a dying condition. Drs. W. H. Palmer and E. E. Loomis were called and worked over the man until nearly ten before he was thought to be out of danger. Mr. Willey's wife died shortly after the holidays and was brought here for burial. Mr. Willey came down from Minneapolis some four weeks ago and has appeared to be grieving over her demise. He was alone in the house yesterday and it is thought he took the poison in the morning. When found there was no odor of chloroform in the room but it was very heavy on his breath and the empty bottle stood near. He was found in the sitting room in a chair and but for prompt work would have died from the effects of his ill-timed dose. Had he inhaled the poison instead of drinking it he must certainly have died. He is about fifty years old. He is reported easier today, although still in a critical condition.

### BAD ACTOR FROM BUFFALO IN JAIL

Nicholas Welch, Former Practicing Attorney, Smashed Dr. McCarthy's Office Door While Drunk.

All night long Nicholas Welch of Buffalo kicked at the bars of his cell in the city lock-up and called down maledictions on the heads of the police and others in authority. Welch came here from Rockford, the latter part of last week where he was in jail for being drunk and was taken to the bastille to recover from a wild carouse. He declared that he was going to die there but appeared to have altered his determination when the portals were opened to him yesterday morning. By afternoon he was fighting drunk again and had smashed in the glass portion of the door opening into Dr. T. H. McCarthy's office. The police once more hauled him into port and today the question as to what is to be done with him has not been settled. He is a man of about 40 years of age, a rational and pleasing conversationalist when sober; claims to have practiced law in New York state and to be a member in good standing of the Knights of Pythias. When he reached Janesville he had an idea of making money by opening a psychological research parlor but evidently the spirits he desired to materialize were those contained in a rum bottle. Late this afternoon he was taken into municipal court with the expectation that Judge Fifeid would send him to the county jail for about five days.

## LAZELLE CLAIRVOYANT

Famous Life Reader Now in Janesville.

### ONE WEEK ONLY

Parlor "C," Myers Hotel, Ladies' Entrance.

Prof. Lazelle is recognized as one of the foremost and most able life readers and Mental Telepathists in America. He is not to be confounded with so-called "fortune tellers," card readers, self-styled Astrologers, etc., who make guesses to amuse you. On the contrary, he is an Advisor, who by possession of a remarkable talent and a conscientious study of a science, older than the Christian era, is enabled to give good, true, efficient and helpful advice and information on any and every subject that his client may be interested in.

There is no need to tell Lazelle your story. There will be no "quizzing" or asking of questions by the Life Reader. His talents enable him to instinctively know your wants and troubles. Without any attempt at mystification, but with unerring sight into the inner nature of things, he reveals that which you most wish to know. His advice and help on all matters, business, law, suits, marriages, health, is invaluable. He gives names, dates, facts and figures, and shows clearly and distinctly the road to success in business as well as in domestic and family affairs.

Are you aware of your faults? Do you know how to cure them?

IF YOU SERIOUSLY DESIRE ADVICE AND INFORMATION THAT WILL HELP—CONSULT LAZELLE.

Do you know your friends, enemies? Are your friends true? If not, where is the fault? Lazelle thinks he knows. Prof. Lazelle guarantees the fullest satisfaction to all callers. He will accept no fee for his services unless you are absolutely satisfied. His office hours, 10 a. m. to 8 p. m. daily. All readings are strictly private and confidential. The charges for consultation are \$1 and up, and whether one calls for advice or merely a half hour's interesting diversion, no one will regret either the time or fee spent with this remarkable gentleman.

A bank should so conduct its business that it may be able at all times to furnish its customers such temporary loans as they may require, and their business and worth entitle them to. We are always in a position to accede to the legitimate demands of our customers. We consider this the duty of a banking institution, no less than to return to its depositors their money when called for. This duty of a bank to its patrons is kept always in mind by the officers of this bank and in the future as in the past its customers may be certain that their wants will have first consideration.

## ..Forty Years Ago..

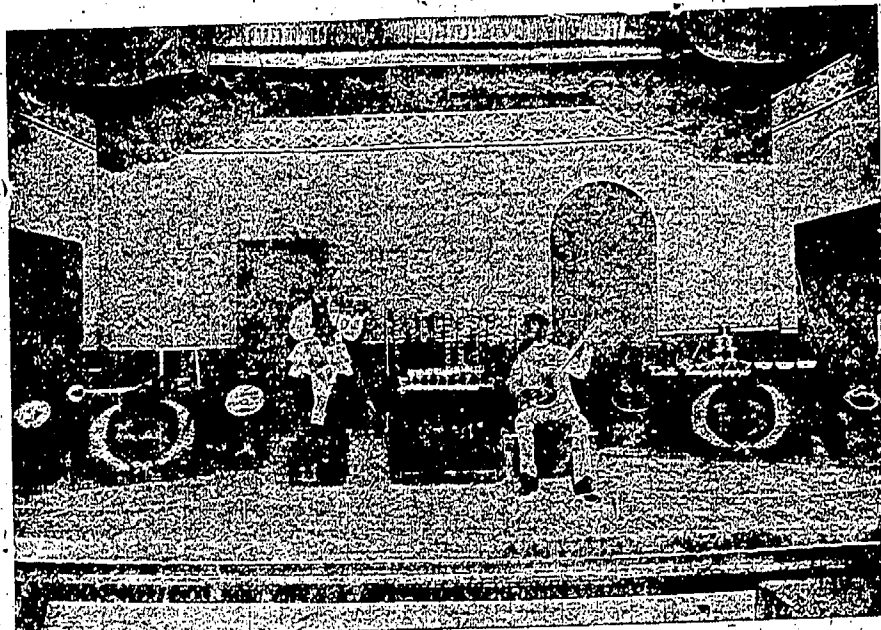

Janesville-Daily Gazette, Tuesday, April 16, 1867.—Sale of Hope Chapel.—We learn that the Baptist Society have sold Hope Chapel to the German Evangelical St. Paul's Society, for the sum of \$2,500. We are glad to see this evidence of prosperity on the part of the Society, and congratulate them upon having secured so neat and pleasant a house for worship at such a reasonable figure. The building is nearly as good as new and would cost almost double the purchase money to put it up at the present price of material and labor.

Wonderful Cures!—Dr. Chas. Butt and wife, the great natural magnetic healers, whose great renown and bold enlightened treatment for the past seven years, in curing every form of curable disease and who seem endowed with the rare and wonderful gift of natural magnetism, for removing old chronic and acute diseases that have baffled all modes of practice, are stopping at the American House in this city, where they invite the suffering to call and be relieved of their maladies. A trial will satisfy the most skeptical.

Stolen Goods Recovered.—A fellow,

who was offering clothes for sale on the streets, yesterday, under suspicious circumstances, was brought into the police office by Constable Young. Upon questioning him he said he was peddling and had other goods at the depot. An officer went with him but instead of stopping at the depot he went to the house of Martin Conroy, beyond the Monterey bridge. There a roll of cloth and a satchel were obtained, with which they returned to the police office. At this juncture the chap recollected that he had had a partner in the peddling business, but upon being pressed to describe him failed to do so. The officer then directed him to go and find his friend, and he seems to be having a hard time of the search as he has not yet returned. This morning Martin Conroy sent word that there were more goods at his house. Upon this information Officer Plato went down and found another roll of cloth and three pairs of brogan shoes. The entire catalogue of goods recovered is: three rolls of cloth, two of them late styles—one a stripe worth from about \$1.75 to \$2.00 per yard—three pairs of brogan goods shoes and a satchel. All of goods. Who has lost such articles?

## Before The Footlights.

FRIEDLANDER BROS., AS SEEN IN ACT AT WEST SIDE THEATRE

Lillian Mortimer, the well known actress of emotional roles comes to the Myers Theatre on Thursday, April 18, in her last season's success, "No Mother to Guide Her," supported by a company of unusual strength. In this play Miss Mortimer has made a radical departure from the line of parts she has been identified with in the past, essaying a character comedy role. The play itself is a comedy.

The scenes are laid in the quiet country-side which becomes a seething cauldron of conflicting emotions as the struggle of a young and innocent girl is disclosed in her endeavors to protect her good name and assure herself of a fair square deal in the great battle of life. No characters are introduced to stage land of greater interest than those in "No Mother to Guide Her." Each

act is filled with stirring situations which result in climaxes of the strenuous sort. Nothing unreasonable or improbable in the matter of the story.

## STEAMER PAHLOW IS WRECKED.

On Rocks Near Sturgeon Bay, and Consort in Danger.

Sturgeon Bay, Wis., April 16.—The steamer Louis Pahlow ran on the rocks at Clay Banks, six miles south of here; during a blinding snowstorm Monday afternoon, and is fast pounding to pieces. Her consort, the Delta, managed to anchor near the wrecked steamer and may be saved. The crews have been taken off by the life savers of this port and are safe.

The Pahlow and the Delta belong to the fleet of the Hines Lumber company of Chicago, and were north-bound light. They left Chicago Sunday, and Monday encountered a fierce snowstorm from the southeast. During the storm the steamer got off its course and ran hard on the rocks at Clay Banks.

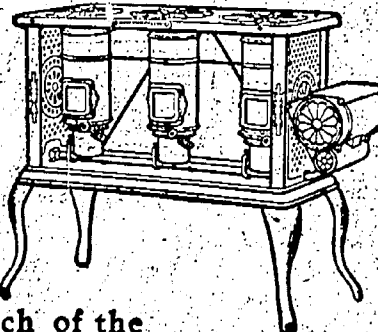

One of the crew was sent ashore and walked to Sturgeon Bay and gave the alarm. Life savers hurried over land to the scene of the wreck. A line was thrown to the disabled steamer, which began to fill with water and pound to pieces soon after it went on the rocks. The crew was taken off and then the operation was repeated on the Delta. The Pahlow has been abandoned and is believed to be a total loss.

FINAL SESSION  
OF OLD COUNCIL

SEVERAL OFFICIALS MADE FARE-  
WELL APPEARANCE LAST  
NIGHT.

## SHELDON AND JONES SEATED

As Soon as the Bonds of Incoming  
Officers Had Been Approved—  
Considerable Business  
Transacted.

With most of the incoming aldermen as spectators, the old city council closed up its affairs last evening. Chairman J. J. Dulin of the judiciary committee reported that the bonds and oaths of all the incoming officers had been found to be in due form and on his recommendation they were accepted. Some of these new officers are: Mayor, Stewart B. Hedges; City Clerk, A. E. Badger; School Commissioner, at Large, Dr. S. B. Buckmaster; Justice of the Peace for the long term, Charles W. Reeder; Justice for the short term, Stanley D. Tallman; Sealer, John W. Richardson; Aldermen—1st Ward, James W. Clark; 2d Ward, John D. O'Hara; 3d Ward, Harry W. Brown and Fred S. Sheldon; 4th Ward, Wm. C. Rehfeldt; 5th Ward, J. J. Dulin and Arthur G. Jones. Inasmuch as two of the seats had been made vacant by the resignations of W. W. Watt of the third ward and Paul Rudolph of the fifth, Alderman Dulin suggested that the two men named at the last election to fill the vacancies should take their seats at once. Aldermen Fred S. Sheldon and Arthur G. Jones were thereupon invited by Mayor Hutchinson to begin their duties forthwith and so did.

**Reports Submitted**  
Reports from the city treasurer for the year ending March 31 and the month ending on the same date were received and placed on file. Chairman E. H. Connell of the finance committee submitted the report on bills which was favorably passed upon and the municipal court report for March showing total revenues of \$93.96 from fees and fines, was accepted and filed.

**Plans for New Bridge**  
Ald. Carl F. Brockhus secured the passage of an order directing the city engineer to prepare plans for a new bridge on Beloit avenue across Spring Brook. Ald. A. C. Hager of the fourth ward to whom was referred the protest of certain residents on Lincoln street against the laying of a sewer along that thoroughfare until the Western avenue sewer should be completed, moved that the project be delayed as requested and the motion was carried.

**Various Street Improvements**  
At the instance of Ald. E. T. Fish an order was passed directing the city engineer to have two catch-basins placed on Terrace street 200 feet south of Mineral Point avenue and a pair of Duplex covers ordered. On motion of Ald. J. J. Sheridan a grade submitted by the city engineer for St. Lawrence avenue was adopted. A resolution calling for the improvement of the city hall alley from Franklin to Jackson streets by grading, paving with brick, and curbing and directing the street assessment committee to view the premises and take the necessary steps, was passed.

**Orders for Commissioner**  
Street Commissioner James Sennett was directed by orders to have the area between the sidewalk and the curb in front of the Douglas school on Linn street prepared for seeding; to repair the washouts on Garfield avenue and Forest Park boulevard; to purchase suitable posts for the accommodation of street signs where none were now available; to fill in the north side of the sidewalk on Milwaukee street across Jackson; and to build brick crosswalks across Galena street on the east side of Locust street; and across Center street on the east side of Chatham. City Clerk Badger was directed to purchase two carloads of paving brick and to draw an order on the treasurer in the sum of \$22.50 payable to the American Sign Co. for freight on signs and lumber when that concern shall have fulfilled its agreement as to the replacement of certain of the signs furnished this city.

**Miscellaneous Business**  
The clerk was also directed by an order to advertise for sealed proposals.

**Nerve Sick**  
If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nerve cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep with comfort, or walk or talk without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried so many remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nerve cures me. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had absolutely no return of my old trouble."

als from the English newspapers of the city for the printing of all orders, notices, city advertising, etc., the bids to be filed by 12 o'clock noon on the first Tuesday in May. The transfer of the license for the saloon hitherto conducted by Sheridan & Byrne to John W. Hennings and James Byrne was authorized and the bonds of the new proprietors approved. By an order the clerk was directed to draw on the treasurer for the sum of \$10 payable from the general fund to the city attorney in compliance with an order from the circuit court of Rock county in the action of A. A. Russell vs. the City of Janesville. Two fees of \$5 each must be paid by the defendant for the right to file the answer, setting up the fact that the contractors Hamman & Lindquist were primarily liable for any injuries to horses and vehicles, to which answer the plaintiff at first demurred.

**Closing Rites.**  
While the city clerk was preparing to read the minutes of the session, Mayor Hutchinson took occasion to thank the aldermen for the faithful manner in which they had performed their duties and to express his appreciation of the harmonious manner in which the business of the city had been conducted. At the meeting Thursday evening the places of Ex-Mayor Hutchinson, Ex-Aldermen E. T. Fish, E. H. Connell, C. F. Brockhus, and A. C. Hager will be taken by Mayor Hedges, Aldermen Jas. W. Clark, John D. O'Hara, Harry W. Brown, and William C. Rehfeldt. The minutes were read by the clerk, and at 9:15 the retiring mayor J. J. Dulin gave a farewell address, declaring the 1906-7 city council adjourned sine die.

INJURIES SUFFERED  
BY TWO AGED WOMEN

Old Residents of Lima, Center, Were Victims of Falls Saturday Evening and Sunday.

Lima, April 15.—Late Saturday night as Grandma Holbrook, aged 82, was preparing to retire, she fell on the kitchen floor, fracturing the wingbone in her right arm. At present writing she is quite comfortable.

On Sunday another of our old ladies, Grandma Bennett, aged 73, fell, sustaining injuries which will lay her up for some time.

Chas. Russell of Buffalo, N. Y., was a guest at O. W. Bennett's one day last week.

E. D. Wheeler of Beloit was an over-Sunday guest of his uncle, Ezra Saxe.

Mr. and Mrs. McComb and C. D. Brown spent Thursday in Janesville. John Waldman and family attended the German church in Milton Sunday.

Mrs. Lovelace and Mrs. Rose Carlson of Milton Jct., visited at O. W. Bennett's last Thursday.

Mrs. Ezra Brown is on the sick list again.

John Lawton of Madison was an over-Sunday guest at N. M. Gleson's.

Mrs. Amos Gould was up from Whitewater Wednesday and spent the day with her daughter, Mrs. Nora Elphick.

The teachers, Misses Denoyer and Skriegle, are boarding at Wm. Masterson's, this spring.

**COLORED TROUPE IN CLEVER MINSTRELS**  
Frank Mahara's Company Gave Very Acceptable Performance Last Evening.

Frank Mahara's combination of singers, dancers and specialty artists gave an excellent minstrel show at the Myers Theatre last evening to an appreciative audience. The stage settings were unique, the songs well chosen, the gags more modern than the average of minstrel men and the entire performance deserving credit. Yesterday noon the band gave an excellent concert in different parts of the city and again last evening in front of the theatre. One of the features, "The Wooing of the Chockaboo Maid," was well costumed and well rendered, receiving several accolades.

**LINK AND PIN**

M'NAMARA IS READY  
FOR THE DIETZ CASE

Former Janesville Resident Will Have Four Warrants for the Sheriff of Sawyer County to Serve.

Dispatches from Sawyer county where the Dietz war is in progress report that District Attorney Frank McNamara, a former Janesville resident, will have four warrants ready for the sheriff to serve on Dietz as soon as he returns. The indictment of Dietz was made with the idea of perpetuating the warrants against him for twenty years to come, in case nothing was accomplished within the statute of limitations in such matters six years, and not with an idea of immediately starting out against him with an armed force.

**JANESVILLE MEN PRESENT AT KNIGHTS OF COLUMBUS BANQUET**  
On Sunday evening the Knights of Columbus held a banquet and conferring of the Fourth degree in Milwaukee. Among the Janesville members who were in attendance were W. T. Dooley, W. H. Dougherty, E. H. Connell, Joseph Donahue, Rev. J. E. Harlan, A. E. Wilbur, John Hennings, A. Norton, E. P. Ryan and Edward Carle.

**AGED PEASANTS EXECUTED.**  
Roumanian Revolt Repressed with Most Merciless Measures.

Bucharest, April 16.—A general publishes some dreadful particulars concerning the repressive measures made use of recently in the suppression of the peasant revolt. It appears that at Viatu, when the soldiers appeared, the peasants fled to the forests, leaving behind them only some helpless old men. The soldiers arrested 25 of these old men, including the burgomaster, named Constantinescu, who was 82 years of age. They were all executed under martial law. Constantinescu's grandson, a boy of 14, was compelled to witness the execution.

Similar wholesale shootings occurred at other villages, and it is related that at Cimealmate 50 men, including the archpriest, Marache, and his secretary, were shot down. Large numbers of the individuals thus executed were completely innocent of participation in the riots.

**St. Louis Has Queer Flood.**  
St. Louis, April 16.—During a heavy rain Monday, a sewer under repair at Nineteenth and Drexel streets became clogged, turning Nineteenth street into a veritable river, filling cellars and badly damaging the foundations of three dwellings. Traffic was blocked, and the occupants of the buildings were held prisoners until the sewer could be opened, when the water, which was four feet deep, soon drained off.

**Profitable Bird.**  
The record of a male ostrich in the possession of H. Oliver of Oudtshoorn, Cape Colony, shows that the bird has brought him the sum of \$10,000 in plumage.

**NOT HEREDITARY**  
Baldness Due to a Living Minute Germ.

Many people, even unto the present day of grace, consider baldness due to hereditary influence.

Nothing is further from the truth—Baldness is caused by the onslaught of a minute organism which secretes itself beneath the scalp and attacks the roots of the hair—causing it to lose its life and fall out.

This organism cannot be got rid of except by the free and persevering use of Newbro's Herpicide.

No matter how badly the scalp is effected the Dandruff surely disappears and hair health is restored when Herpicide is applied.

Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

APPOINTED SCHALLER  
TRUSTEE OF COMPANY

Is Named by Creditors of Janesville Sash and Door Company With Large Bond.

At the first meeting of the creditors of the Janesville Sash and Door Company before referee in bankruptcy H. M. Lewis in Madison, Monday, Albert Schaller was elected trustee to wind up the company's business and a bond of \$40,000 asked for. The closing down of this factory occurred some weeks ago, some of the creditors refusing to accept the offer made by the holders of some \$66,000 worth of the debts of forty per cent of their claim. Had this been accepted the company could have continued business. The liabilities of the company are in the neighborhood of \$86,000 and the assets will probably not total over \$60,000. There has been some talk of a new company being formed to take the property and start up again but it is not probable that this will be done owing to the lack of space in the present mill itself and the necessity for new machinery at once. Mr. Schaller will file his bond and act as trustee of the old company converting the assets into cash as soon as possible. It is probable that the settlements will fall below the offer made by the three largest creditors, to the remainder in January of forty cents on the dollar.

Representatives of Sunday Schools From All Over States and Dominion Present.

[SPECIAL TO THE GAZETTE.]

Atlanta, Ga., April 16.—Many delegates are in the city for the eleventh annual convention of the National Baraca union and the National Philanthropic union, representing thousands of Sunday school unions throughout the United States and Canada. The formal opening takes place this evening and the proceedings will continue until Friday. The gathering promises to be a most notable one not only from a viewpoint of attendance, but of the discussion of important matters as well. A number of the most prominent Sunday school workers of America are to deliver addresses.

**Kansas Sunday Schools.**  
Chanute, Kas., April 16.—A majority of the Sunday schools of Kansas have sent delegates to the forty-second annual convention of their state association, which will be in session here during the next three days. Sunday school leaders of Chicago, St. Louis, Kansas City and other points will take part in the program.

**West Virginia Sunday Schools.**  
Huntington, W. Va., April 16.—A large number of visitors are attending the silver jubilee convention of the Sunday school associations of West Virginia, which assembled here today for a three days session. Bishop Mills of the United Brethren Church, Representative Sturgis of Morgantown and other men of prominence are on the program.

## THAW DEFENS UNCHANGED

O'REILLY SAYS IT WILL BE INSANITY AT NEXT TRIAL.

Evelyn Will Repeat Her Story, Strengthened by Documentary Evidence—Several Attorneys Out.

New York, April 16.—"If another trial is held it has been agreed that the same line of defense as that used in the first trial will be followed. Evelyn Thaw will tell her story again, but her testimony will be greatly strengthened by documentary evidence that was not used before."

This is the statement credited to Lawyer Dan O'Reilly of Harry K. Thaw's counsel Monday night. It has been reported that O'Reilly would be chief of the defense when the trial is called again, but this report was not confirmed and it was even stated semi-officially that none of the lawyers who officiated at the last trial had been dispensed with by Thaw.

On the other hand, it was said that several of them had been paid the stipulated fees, and while there would not be a formal announcement of their dismissal by Thaw, they would not reappear in the case.

As to Mr. O'Reilly's reference to documentary evidence, it was said that he referred to letters written to Evelyn Nesbit by Stanford White.

After a later consultation with Thaw, Daniel O'Reilly said the defense at the second trial of White's slayer will be practically the same as that offered at the first trial, insanity of the defendant at the time of the shooting of White. He said that while the alienists called as witnesses by the prosecution at the first trial had admitted that Thaw was medically insane, the district attorney had contended that he was not legally insane. The defense at the next trial will be prepared to prove, according to O'Reilly, that Thaw was then legally insane also.

RUSSIA AND JAPAN  
OUT OF MANCHURIA

EVACUATION CARRIED OUT ACCORDING TO TREATY.

## CHINA IN CONTROL AGAIN

Expresses Her Thanks for the Prompt Action and Will at Once Reorganize the Provinces.

New York, April 16.—Dispatches received from St. Petersburg, Tokio and Peking show that the evacuation of Manchuria by the Russians and Japanese, as agreed to under the Portsmouth treaty, and the repossession of that vast domain by China, has been accomplished under the terms of the agreement between Russia and Japan fixing April 15 as the limit of time for the actual transfer.

**Russia Out Weeks Ago.**  
St. Petersburg, April 16.—The expiration of the 18 months' limit for the evacuation of Manchuria by the Russian and Japanese troops was marked by the nomination Monday of Russian consuls at Kirin and Tsitsihar, the last two towns in Manchuria to pass from Russian hands to the Chinese civil administration.

The evacuation of the Russian troops was completed March 21, almost a month ahead of the specified date.

**Last Vestige of War Gone.**  
Tokio, April 16.—The work of withdrawing the Japanese troops from Manchuria was completed April 8, and China has expressed her hearty appreciation of the fact in a note to the Japanese government. Baron Goto, to the management of whose company the Manchurian railroad was transferred April 1, in an interview said: "The last vestige of war in Manchuria has now been removed. Fair play is my guiding principle. In promoting the peaceful development of Manchuria, through which our railway runs, national differences will be entirely ignored. Manchuria will be made a field for the fair competition of all nations. In principle, we may carry out this principle, I crave patience on the part of those interested. Remember that the management of the road was only transferred to us on the first of the present month. The allowance of sufficient time will insure the realization of our plans, and we dread nothing more than impatient interference."

**China Takes Hold.**  
Peking, April 16.—The Russian and Japanese troops have now completely evacuated Manchuria, according to the terms of the treaty of Portsmouth, only retaining a certain number of railway guards. All military movements have ceased and the Manchurian towns, etc., which were under Russian and Japanese control, have been returned to the Chinese authorities.

Since the handing over of Mukden to the Chinese, the evacuation of Manchuria by the Japanese had been going on gradually, the Chinese local authorities stepping in and taking over the administration of the places evacuated by the Japanese.

China's note to Japan expressing her hearty appreciation of the complete withdrawal of the Japanese troops from Manchuria gives emphatic assurances that the Chinese government will shortly proceed with the reorganization of the administration of the Manchurian provinces. It is understood that Hsu Shih Chang, who has been selected to be first viceroy of Manchuria, will be given special powers to that end.

**Stage Robbery Denied.**  
Helena, Mont., April 16.—That the Zortman stage was robbed of \$8,000 by a lone highwayman Sunday night is authoritatively denied by officials in this city of the mining company to which it was said the money was being shipped.

A Dressmaker's  
Decision

Miss Helen H. Manning, a dressmaker residing at 4636 Aspen St., West Philadelphia, heartily endorses Father John's Medicine. Miss Manning was troubled with a cough of long standing and run down. Reading in her Sunday school paper about Father John's Medicine, she decided to take it. Her cough was cured by its use, and she was made well and strong. Nothing equals Father John's Medicine as a body builder. No alcohol or injurious drugs.

## You and the Dealer and the "Triangle A"

How many times have you been the victim of bad cigars? You didn't feel like buying from that dealer again, did you?

Now that is precisely where both you and the dealer got the small end of the bargain.

You got it in a bad cigar.

He got it in the loss of your trade.

It served you both right.

When you learn to demand and get "Triangle A" cigars, it will be better for both you and the dealer.

You'll get the acme of cigar quality in the "Triangle A" brands, and the dealer who sells them will hold your trade always.

There is one right way to buy cigars. Look for the "A" (Triangle A) on the cigar box every time you buy.

There is no other way to get as good value as you are entitled to.

This "Triangle A" merit mark identifies the product of the most modern improved methods and scientific processes of cigar production, and represents a standard of quality far superior to those cigars not marked with "A" (Triangle A).

### The New CREMO

is first-class evidence of the quality that is guaranteed by the "Triangle A."

Every box is extra-wrapped in glassine paper, sealed to maintain perfect smoking condition and cleanliness until the box is opened.

## Government Homesteads IN SOUTH DAKOTA

The day when you can take up free land under the United States homestead laws, that is fit for agricultural purposes, is fast passing.

But there yet remains considerable such land in South Dakota which is being rapidly taken up, as the new lines of the

now under construction open them to development.

Improved farm lands can be bought, too, and at low prices that make them one of the best investments on earth; and special low homeseekers' rates are being made twice a month to enable prospective home builders to look over the situation.

All land values in South Dakota are rising rapidly.

Maps, folders and full particulars concerning railroad rates, train schedules and methods of procedure in securing one of these free homes, on application.

## THE PLUM TREE

BY  
DAVID  
GRAHAM  
PHILLIPS

AUTHOR OF  
THE COST  
OF THE DEED,  
ETC.

"You have any other reason for sending for me?" said I very quietly. "That was the principal one," he confessed.

"Oh!" I exclaimed.

"What do you mean, Saylor?"

"I thought possibly you might also have wished to tell me how unjust you thought the attacks on me in the eastern papers, and to assure me that they had only strengthened your friendship."

He was silent.

I rose, threw my overcoat on my arm, took up my hat.

"Wait a moment, please," he said. "I have always found you very impartial in your judgments—your clear judgment has been of the highest usefulness to me many times."

"Thank you," I said. "You are most kind—most generous."

"So," he went on, not dreaming that he might find sarcasm if he searched for it, "I hope you appreciate why I have refrained from seeing you, as I wished. I know, senator, your friendship was loyal. I know you did during the campaign what you thought wisest and best. But I feel that you must see now what a grave mistake you made. Don't misunderstand me, Harvey. I do not hold it against you. But you must see, no doubt you do see, that it would not be fair for me, that it would not be in keeping with the dignity of the great office with which the people have entrusted me, to seem to lead my approval."

I looked straight at him until his gaze fell. Then I said, my voice even lower than usual: "If you will look at the election figures carefully you will find written upon them a very interesting fact. That fact is: In all the doubtful states—the ones that elected you—Scarborough swept everything where our party has heretofore been strongest; you were elected by carrying districts where our party has always been weakest. And in those districts, James, our money was spent—as you well know."

I waited for this to cut through his ensnailings of self-complacency, waited until I saw its acid eating into him. Then I went on: "I hope you

"I pledged my word," I went on. "You gave the promises. I endorsed for you. The debts must be met. Never before had I enjoyed using that ugliest of words."

"You ask me to bring myself into unpopularity with the entire country," he pleaded. "Several of the men on your list are ex-convicts. Others are about to be indicted for election frauds. Many are men utterly without character."

"They did your work, James," said I. "I guarantee that in no case will the unpleasant consequences to you be more than a few disagreeable but soon forgotten newspaper articles. You haggle over these trifles, and—why, look at your cabinet list! There are two names on it—two of the four Goodrich men—that will cost you blasts of public anger—perhaps the re-nomination."

"Is this my friend Harvey, Saylor?" he exclaimed, grief and pain in that face which had been used by him for 30 years as the sculptor uses the molding clay.

"It is," I answered calmly. "And never more your friend than now, when you have ceased to be a friend to him—and to yourself."

"Then do you ask me to share the infamy of those wretches," he pleaded. "They are our allies and helpers," I said, "wretches only as I and all of us in practical politics are wretches. Difference of degree, perhaps; but not of kind. And James, if our promises to these invaluable fellow-workers of ours are not kept, kept to the uttermost, you will compel me and my group of senators to oppose and defeat your most important nominations. And I shall myself, publicly, from the floor of the senate, show up these Goodrich nominees of yours as creatures of corrupt corporations and monopolists." I said this without heat; every word of it fell cold as arctic ice upon his passion.

A long pause, then: "Your promises shall be kept," he assented with great dignity of manner, "not because you threaten, Harvey, but because I value your friendship beyond anything and everything. And I may add I am sorry, profoundly sorry, my selections for the important places do not please you."

"I think of your future," I said. "You talk of friendship—"

"No, no, Harvey," he protested, with a vehemence of reassurance that struck me as amusing.

"And," I went on, "it is in friendship, James, that I warn you not to fill all your crucial places with creatures of the Goodrich crowd. They will drive you, in spite of yourself, on and on, from excess to excess. You will put the middle west irrevocably against you. You will make even the east doubtful. You are paying, paying with your whole future, for that which is already yours. If you lose your hold on the people, the money-crowd will have none of you. If you keep the people, the money-crowd will be your very humble servant."

"I happened just then to glance past him at a picture on the wall over his chair. It was a crayon portrait of his wife, made from an enlarged photograph—a poor piece of work, almost ludicrous in its distortions of proportion and perspective. But it touched me the more because it was such a humble thing, reminiscent of her and his, and my lowly beginnings. And an appeal seemed to go straight to my heart from those eyes that had so often been raised from the sewing in sympathetic understanding of the things I was struggling to make her husband see."

"I pointed to the picture; he slowly turned round in his chair until he, too, looked at it. What would she say, Burbank?" I asked, "if she were with us now?"

"And then I went on to analyze his outlined administration, to show him in detail why I thought it would ruin him; to suggest men who were as good party men as the Goodrich crowd and would be a credit to him and a help. And he listened with his old-time expression, looking up at his dead wife's picture all the while. "You must be popular, at any cost," I ended. "The industrial crowd will stay with the party, no matter what we do. As long as Scarborough is in control on the other side, we are their only hope. And so, we are free to seek popularity—and we must regain it or we're done for. Money won't save us when we've lost our grip on the rank and file. The presidency can't be bought again for you. If it must be bought next time, another figure-head will have to be used."

"I can't tell you how grateful I am," was his conclusion after I had put my whole mind before him and he had discussed it. "But there are certain pledges to Goodrich—"

"Break them," said I. "To keep them is catastrophe."

"I knew the pledges he had in the foreground—a St. Louis understrapper of the New York financial crowd for secretary of the treasury; for attorney general a lawyer who knew nothing of politics or public sentiment or indeed anything, but how to instruct corporations in law-breaking and law-dodging."

He thought a long time. When he answered it was with a shake of the

### INSANE MAN TRIES HOMICIDE

Harry I. Metz Attempts to Kill Father and Brother.

Louisville, Ky., April 16.—Violently insane as the result, it is claimed, of overwork, Harry I. Metz, senior member of the Enterprise Manufacturing company of New York, attempted to kill his father, Louis Metz, of 58 Waverly court, New York, in the jail Monday morning, and made several vicious attacks upon his brother, Edward Metz, who is the junior member of the same firm. All of his efforts at homicide were defeated by Jailor Pfanz and his assistants.

Metz had been an occupant of room 31 at the Louisville hotel, where he was taken by his brother three days ago. Sunday night the insane man demolished all of the furniture in the room while in a paroxysm of insanity. Two detectives from a private agency had Metz in charge when the trouble occurred in the room. Metz is the same young man who last Friday turned the tables on his brother, Edward Metz, by explaining to the police by whom he had been arrested, that his brother Ed. was insane, and not he.

**"DANDROCIDE"**

is a scalp medicine, not merely a hair beautifier. It rids the scalp of that dangerous hair enemy, dandruff, and allows nature to serve its purpose unhampered. Your own specialist will endorse the properties in "Dandrocide."

The many hair tonics fool you into softening the hair, but shamefully neglect the great evil, dandruff.

You won't get rid of dandruff, until you use "Dandrocide." It is lasting in its benefits, and is best in its results when economically applied. One bottle will heal the scalp, and start a rejuvenating growth of hair.

Said Kornelia Kinks as she sat on her throne,  
"Oh! I feel like a Queen with two slaves of ma own;  
While one of dem fixes ma ribbons and bows,  
De other keeps busy a-tickling ma toes."

Tickle your palate with "Korn Kinks," the new malted corn food. It will give you a new sensation, drive dull care away, is easily digested, and supplies more strength than you can gain from any other food. Try it—it's only a nickel, you know.
